NOTE FOR [REDACTED]

SUBJECT: Comprehensive Test Ban

STAT

Bill,

This is the notebook the DCI had prepared for him for the SCC meeting on CTB. I thought you might be interested in the character of the proposals. An issue that came up in conversation with Turner concerns the requirements for photographic coverage by satellite raised by the suggestion at the end of the book that [REDACTED]

[REDACTED] Turner suggested that I get together with [REDACTED] to talk about what kind of requirements this would imply. I suppose [REDACTED]

Please return after you've had a chance to look at the notebook.
